Cleveland, OH. Kimberly F. Brown pulled petitions for Cleveland WARD ONE in December 2020. Brown and her team were able to garner 350 signatures from Cleveland WARD ONE residents. Although, Brown is contemplating of whether she wants to seek the **council position**, she is exploring the possibilities of running an aggressive campaign for a third time. *"This is very interesting. We pulled our petitions in late December and we were able to collect approximately 350 signatures. As we met with residents, we were confronted with issues that had not been dealt with for months; in some cases years. Residents will tell you, we were able to handle these issues within one to seven days. Ward one residents should take heed to this. Being a council person is more than a title, its about being resourceful and having the know how about how to get things done in a timely matter. My education and experience has taught me basic applications on how to readily deal with community issues"* says, Brown.

Brown Aids Senior on E. 145th Street and Milverton; Get Rid of Nuisance Parked Van.....

January 2021

Milverton Area. Brown met an upset senior in WARD ONE. The senior was disgruntled due to an inoperable van being parked outside her home for 2 months. The senior was upset because she could not get help. The senior believed this was a safety issue. The senior was concerned. She also tried to get the police officer to ticket the van. Unfortunately, the police were no help. Brown took pictures of the license plate and left a note on the owners windshield. In less than 48-hours, the van was gone.

Brown is not perfect, but Brown knows how to get results. WARD ONE deserves a result driven and community-based responsive councilperson.

Brown Works with Cleveland WARD ONE Residents to Halt Speeders; Zoom Meeting with Commander Kutz and Others

Cleveland, OH ZOOM Call Meeting: On Monday, April 19, 2021, several members of Cleveland WARD ONE had a zoom call meeting with the 4th District Commander, Mr. Kuntz. The purpose of this meeting was to discuss traffic, excessive speeding, illegal parking and abandoned cars in the **Milverton** area of Cleveland WARD ONE. Residents are fed up. Several homeowners in this area approached Kimberly F. Brown regarding speeders, traffic violators and excessive trash throughout this neighborhood. They also shared concerns regarding group homes and their clients who are reported of having a habit of knocking on doors of residents begging for food and money during the late hours of an evening.

Residents are fed-up!

As Team Brown assist residents over in the Milverton area, a strategic plan is forthcoming to combat every issue mentioned. Currently, Brown is disseminating a community survey regarding immediate measures to curve the traffic issue as well as the excessive garbage which is both a safety and environmental issue. After data collection, Brown and the sub-committee group will move forward with finding to began to work on immediate resolve. "*ClevelandWARD ONE residents should not have to accept sub-standard services from anyone or any entity. Taxation without representation is wrong, and we plan to Right the Wrong in this area just as we did on Benwood as we sounded the alarm regarding the illegal dump site in another area of Cleveland WARD ONE. Our team will not run from issues. We will address immediately as we collectively seek amicable resolve*"says, Brown.

In January 2021, Brown had an illegally parked van removed from in front of a senior's home. The van was said to have been there for several weeks until Brown got involved. Brown took care of this issue in less than 48 hours.

Brown will confront issues most elected officials fear

Brown stood up for Nine Year-Old Saniyah Nicholson and Family while most elected officials took a back seat. The 9 year-old child was killed in Cleveland WARD ONE on Wednesday, June 20, 2018 as she sat in her mom car eating ice-cream. She was killed by a stray bullet. Brown provided support services to the mom. The Black Women Commission of Cuyahoga County canvassed Cloverside Ave homes and spoke with residents regarding a secondary street signage. Ninety percent of the residents signed the petition. On August 17, 2018, Jones tells Brown via email that he will take this matter up with council in September 2018. During this meeting, Jones **reneged** on his promise to this hurting family. When questioned, **Jones ran out of the council chambers** and refused to speak with Kimberly F. Brown. The councilperson stood against the signage. Brown took the city of Cleveland to the Ohio Claims Court seeking information regarding the secret meeting held at the Harvard Community Center regarding this issue. Brown was victorious. Through court action, Brown discovered the City of Cleveland did not have a policy nor ordinance in place for the distribution and awarding of secondary street signs. Brown submitted a proposal to the Mayor Frank G. Jackson, Council President Kevin Kelley and Councilman Joe Jones. Kelley and Jones ignored the call to assist the family while Chief Valerie McCall, the Office of Armond Budish, and Mayor Trevor Elkins of Newburgh Heights issued a proclamation. South Euclid's Mayor Georgine Welo issued a letter of support to aid Brown and the ladies of the Black Women Commission of Cuyahoga County.

Brown will do whatever it takes to Right a Wrong!

"She will work with others to get things done"

1. 2019. Brown crafted and proposed the *Saniyah AWE Law*. Brown met with several Mayors to introduce the *Saniyah AWE Law*. Mayor Trevor Elkins sponsored the legislation. Mayor Trevor Elkins and the Village Council of Newburgh Heights passed the resolution May 21, 2019. The AWE system is a safety alertness tool: Awareness, Warning, Emergency. The Ordinance Record 2019-26 **Saniyah Law** Enacted Codified Ordinance 1335.07 Entitled: Identification of High Crime Areas

2. 2019, Brown and the Black Women Commission of Cuyahoga County supported the family of Jalen Wise. Wise was found dead at Tinker's Creek in Bedford Heights, July 2017. The case was closed by the Metro Park Rangers. Brown and the ladies of BWCCC developed a strategic plan to get the case re-opened. Brown worked with the Metro Park Rangers and the Cuyhoga Couty Prosecutors Office. Currently, a man is being charged with involuntary man-slaughter. Brown is the President of the Black Women Commission of Cuyahoga County

3. 2018. Brown worked along side of community activist Donna Walker-Brown and Al Porter regarding the Aniya Day Garret case. Four year-old Aniya died of a stroke triggered by a beating by her mom(as it was reported) in March 2018. Brown worked with the Cuyahoga County Executive Armond Budish and the Department of Children and Family Services to review agency policies while making recommendations to improve systems. Brown also took part in monthly community agency driven tours. It is due to the work of Brown, Walker-Brown and Porter that the County Department has a county community Advisory Group aiding this department with establishing positive community relations.

4. Brown confronts dangerous potholes on Harvard Ave, She commanded the city to place steel plates to prevent fatalities. The city's patchwork was terrible. The story was aired on TV 19. Resident Daniel Johnson was also part of this

5. 2017. Brown aided residents on Holly Hill and Lotus Drive with a smoldering utility pole. The transformer was defective. Brown alerted First Energy. After 48 hours, First Energy dispatched an emergency crew. Had the transformer not been replaced immediately, a **massive explosion could have occurred.**

6. 2017 While Cleveland Mayor Frank G. Jackson is seeking a plan to aid eastside neighborhoods, WARD ONE residents in the Lee Harvard area are literary in the dark. Street lights have been out for several months. Some of the outages are due to broken bulbs and damaged poles. Residents have complained for several months to the council office, and to the office of Mayor Jackson. To no avail, has neither office provided a solution to aid the residents of the Lee Harvard Community. Residents contacted Candidate Brown for assistance.

Brown sent CPP and the Mayor's action hotline a notice of streetlights to be fixed; 3567 E. 151st, E. 187th & Judson, (pole # 532750 Lee Heights, (close to the) 3860 block of Lee Heights, Glendale & Lee Heights, 177th Harvard, 175th Harvard, John F. Kennedy High School (2 lights out) E.160th Street of Cloverside, E.160th Westview and E. 160th Lotus.

7. 2016. January 19th. Brown confronted the Lee Harvard Plaza Management company and owners regarding residents shopping in the dark. The lights were not working. They had been inoperable for four days. Brown got involved and got the lights on within 24 hours

8. 2016. Brown led the community clean-up for the Imperial Memorial. Brown collaborated with numerous others Councilperson Mike Dudley, Art McKoy and Judy Martin and many others. Brown cleaned the lot for 8 consecutive weeks. View the video on You Tube

9. 2015. Brown helped a Maple Heights mother and daughter after her daughters were bullied by a classmate. Brown aided the mother with getting an expulsion reversed when her child was wrongfully accused.

10. Brown publicly disagreed with George Forbes and the late Connie Harper of the Call and Post. Forbes called Nina Turner Aunt Jemima. Brown boldly stood up for Turner on WOIO 19 Action News and the Cleveland Plain Dealer. Brown shared a platform with Tom Coyne and Mansfield Frazier. Brown has a reputation of standing up for the under dog.

11. Brown worked with KPL Corporation to remove illegal dumpster placement for Maple Heights Residents on Warrensville Center Road - District 6

Most recently, Brown assisted a residents on E. 146th street with a vacant lot and an illegally parked van. Residents had been complaining for 3 months. Brown intervened and got their concerns resolved in 48 hours

Team Work is crucial. Everyone should be involved in the process.

Kimberly F. Brown and friends collaborated with WARD ONE business owner, Leon Hines to clean up the corner of Lee Road and Cloverside following the tragic death of 9 year-old Saniyah Nicholson. We made sure residents and seniors could get out of their homes during the 2017 snow storm. We made sure that the area between Lipton and Kerruish park was shoveled and salted.

Brown worked with First National Realty-Owners of the Lee Harvard Plaza to Assure Security Patrol

12/11/2018 - After many negative reports by business owners and customers of unsafe conditions at the Lee-Harvard Shopping plaza, Kimberly F. Brown and the Black Women Commission of Cuyahoga County contacted the owners of the Lee-Harvard Plaza to seek assistance. Brown spoke with Christopher Palermo (Business Partners) and Shelby Decarlo of Investor Relations. Our plan of action included security visibility to help combat crime within the plaza, curb appeal venue upgrade as well as a safety structure fencing. Following several meetings, we were able to see a change in the security task force area but nothing came to pass for upgrading the landscape structure due to the third party management team of the plaza decision to work with the council person office rather than a local community organization. The plaza continues to be an eyesore for the community.

Being optimistic, we strongly believe with a change in leadership, we will be able to get an effective buy-in from the First National Realty Corporation as well as the third party management company. It is our belief that politics have no right to intervene in safety issues that will help improve conditions for all of us. The overall goal should always be focused on the collective whole and urgent needs of a declining community with a vision to prosper and grow.

SBA Loans for Restaurants, Bars and others

General Information: For those seeking information

Let's be clear - this program did not originate from any City of Cleveland councilperson.

There is a Restaurant Revitalization Fund. This program provides emergency assistance for eligible restaurants, bars, and other qualifying businesses impacted by COVID-19. You do not have to apply through any particular councilperson office.

You can contact the Urban League of Greater Cleveland 2930 Prospect (216) 622-0999

The American Rescue Plan Act established the Restaurant Revitalization Fund (RRF) to provide funding to help restaurants and other eligible businesses keep their doors open. This program will provide restaurants with funding equal to their pandemic-related revenue loss up to \$10 million per business and no more than \$5 million per physical location. Recipients are not required to repay the funding as long as funds are used for eligible uses no later than March 11, 2023.

United States Small Business Administration - not a city of Cleveland Councilperson. Save yourself from the unnecessary aggravation - if you qualify - apply online at the website of the SBA.

The New JFK Recreation Center is due to the hard work of Former Councilman Terrell Pruitt and his team; We thank Mr. Pruitt for his service to the WARD ONE Community

A Little Known History; Lee Harvard Plaza. Who is responsible for the Plaza success and failure(s) -----

Originally built in 1949, Lee Harvard Shopping Center was the first African American-owned and -managed shopping center in the country. Residents from the neighborhood initially purchased the property in the 70's. In 1999, the center went through a major redevelopment. Following a foreclosure sale, Excelsior Capital Partners began investing in capital improvements at the shopping center. The company upgraded the roof and landscaping, repaved the parking lot and renovated 44,500 square feet of available space. (taken from the article History of Lee/Harvard Plaza by Timea Mayas - 2018)

Brown meet with Miles/Caine Residents in the Rain

April 29, 2021, During the pouring rain I was called to the Miles/Caine area. A good council person will come to you in the rain, sleet and snow to deal with issues. After all, elected officials work for the people. Several residents, are concerned about bullet holes, bushes, garbage and floods.

Team Brown will activate an emergency plan for all residents once elected. There is no reason why residents should not know who the councilperson is. They should also be cognizant of how to get help for issues impacting their quality of life. We will also begin an aggressive street assessment action measure to explore crime, criminal activity, group homes, vacant homes, and basic structural repair. As we implement a sectional eight measure quadrant competitive edge tool, we will develop a workable community action plan with Cleveland WARD ONE residents, business owners and stake-holders. We will openly work with our Mayor, street club presidents and community partners.

Brown led the project to give honor to the late State Representative Michael DeBose Secondary Street Signage Recognition

September 22, 2014

Dear Councilperson Terrell Pruitt and Mayor Frank G. Jackson,

We hope this letter find you well.

My name is Kimberly F. Brown, and I am representing several WARD ONE Concerned Citizens regarding the late Honorable State Representative Michel Debose. As you know, Mr. Debose was the State Representative for Ohio House District 12 from 2002 - 2010. Mr. Debose was also an associate pastor of the prominent Zion Chapel Missionary Baptist Church. It was and is unfortunate that Debose loss his life due to Parkinson disease in 2012.

As concerned citizens, we are acknowledging a great loss in the State of Ohio. Debose stood for change that would be benefit the collective whole. He knew that the best solution for perils of our community is through faith based initiatives. Debose was a true pillar of substantial growth and change.

It is because of such, we are requesting that the WARD ONE street named Holly Hill Drive be adjusted and or changed to State Representative Michael Debose Drive for his memory and legacy must live on.

Please let us know via writing on the process of moving this effort forward. Should you have any questions, feel free to give us a call. We look forward to hearing from you within 10 business days as we will call your office to follow up with our request.

Thank you for your time.

Sincerely,

WARD ONE Concerned Citizens

ELECT BROWN for Councilperson WARD ONE

Brown Commanded Clean-up of WARD ONE Dump on Benwood Ave. 19 News Reporting -

Cleveland WARD ONE: A broken community filled with illegal dumping and dilapidated houses.

As a councilperson, one should take pride in the community she or he is representing. The person should be excited to walk their community and neighborhoods. In doing as such weekly, issues of dumping should be noticed as well as any environmental issues and safety hazards.

As a community activist, at times, I find myself walking the Lee Harvard community speaking with residents and resolving issues. Recently, I decided to walk the lower half of Cleveland WARD ONE. As I was observing the conditions of our community, a young lady

asked me if I could help her with a yard clean-up. Well, I followed the young lady, and she asked me to take photos of not a yard, but an illegal dump site in Cleveland WARD ONE. The site was located near 140th and Benwood. She furthered stated that her home was being invaded by cock roaches due to bags of garbage and debris. The young woman was fearful for her life and her three little daughters. I asked her how long had this dump site been present. I was told **four months** or more. At that point, I had heard enough. Immediately, I returned home and sent an email and photos to the Mayor's office asking for an immediate clean-up of this site. I spoke with an assistant of the Mayor who told me that they could not get to this until late April. In my opinion because of the lurking danger and fear of a WARD ONE resident, that answer was not satisfactory for me. At that point, I contacted the trouble shooter with 19News to get assistance. 19News out of fairness contacted Councilman Joe Jones who made a commitment to clean the site immediately. Jones had some guys come and remove tires on that Thursday. He then disappeared. The following Monday, the trash and filth was still present. Monday morning, I immediately contacted the reporter and the city. The city officials took over this matter and sent two dump trucks - breaking their protocol to ensure an urgent clean-up of this matter. The family and the neighbors openly thanked us for getting this taken care of. One neighbor came out of her home and stated that they had been trying to get the councilman to clean-up the area for months.

It is my hope, as WARD ONE residents make an honest and transparent decision about what is best for the community, they will make the right decision about who is BEST to lead the WARD ONE Community. A clean neighborhood is a safe neighborhood; safety first!
